## Interim Approved Product List

### August 2009

Defending Animal Rights

#### HUMANE CRITERIA

**Cut-off date:** BWC requires a self-imposed cut-off date with regard to the use of animal tested ingredients, from applicant companies and neither products, nor the ingredients therein, may have been tested on animals after this date.

**Ingredients :** Products may not contain substances which have been obtained as a result of suffering or death of an animal.

**Assurance on testing:** Written assurance must be obtained that the applicant company, as well as its own subsidiary companies, its parent company/ies and other subsidiary companies of the parent company /ies, have not

commissioned any form of live animal testing on individual ingredients on any of their finished products after the cut-off date and furthermore, written assurances must be obtained that specific ingredients which are contained in the products, have not been so tested by the ingredients supply company since that date. Also, products may not contain ingredients that have been required by law to be tested on animals (or from animal data) after the cut-off date.

**Parent companies and their subsidiaries** (where applicable) must comply with the above criteria, as any company, whether acceptable on its own or not, will be contributing profits to the parent company, and it's subsidiaries.

**BWC APPROVED PRODUCTS : Status:** (Veg) products suitable for Vegetarians (V) products suitable for Vegans
